

Dear Parents, Carers and Families,

Welcome to the second newsletter of the Summer Term. As mentioned in last week's newsletter, the theme for the Summer Term is 'water' and this week learners enjoyed engaging in activities linked to this theme. Learners visited the Hyde Park Educational Centre where they experienced gardening - planting wild flowers and watering plants. Learners also explored the life cycle of frogs, observing the sequence of growth from tadpole to fully grown adult frog.

Work Experience

At the end of the Spring Term, some of our older learners completed a link course at the College of NW London and this term are beginning work experience as part of their transition programme. Where possible, learners are travelling and attending placements independently. Placements include: Swiss Cottage Library, WAC, FitzJohns Primary school, Kentish Town Farm, Camden Council, Action for Kids, Foundling Museum.

Post 16 pupils are also enjoying work experience at Skip Gardens, Kings Cross, Shelter Charity Shop and Action for Kids.

Swimming Competition

Last week students from Swiss Cottage School took part in the Swimming Gala at Swiss Cottage Sports Centre. All our swimmers demonstrated their skills in a series of races including front crawl and backstroke before taking part in relays. At the end of the competition everyone celebrated their swimming successes with a medal ceremony! Congratulations to all participants!

Parent Council – 25th April 2018

More detailed planning and preparation towards all of the events will take place during future parent council meetings.

Parent representatives are keen to gather and share information on any holiday and weekend provision for pupils with special educational needs in London. Please share any vital information related to that with your class parent representatives. Thank you!
