1 Purpose of policy

This policy sets out how the school/college will meet its statutory duty under section 175 of the Education Act 2002 to safeguard and promote the welfare of children and help them to achieve good outcomes. The school/college will achieve this by providing a safe learning environment and ensuring school staff have the skills and knowledge to take action where children need extra support from early help services or require a social work service because they are in need or need to be protected from harm.

2 Roles and responsibilities

2.1 Camden Supporting People Directorate

The Directorate includes Children's Safeguarding and Social Work (CSSW), Early Intervention and Prevention and Education divisions and these services will support the school/college to safeguard and promote the welfare of pupils by:

- providing statutory social work services under the Children Act 1989
- providing the school/college with advice, support and guidance, model policies and procedures, training and dedicated lead officers with responsibility for child protection, safeguarding and online safety

SCS Safeguarding and Child protection policy

- dealing with allegations against members of staff and volunteers through the Local Authority Designated Officer (LADO)
- taking responsibility for those children who are not in education, including children who are known to be home educated.

2.2 Governing body

The governing body will ensure that the school/college meets its statutory duties with regard to safeguarding and protecting pupils and that the following are in place:

- The school has the following policies in place and that these are regularly monitored, reviewed and updated where necessary;
 - safeguarding policies and procedures covering early help and child protection that are consistent with Camden Safeguarding Children Board procedures and Camden's internal policies
 - a staff code of conduct policy including policies covering staff/pupil relationships and communications and staff use of social media
 - a procedure for responding to incidents where children go missing from education, particularly where there are repeated incidents that suggest potential safeguarding risks may be present.
- The school is able to work jointly with other agencies in order to ensure pupils can access help and support from early help services and statutory social work services and that children's plans are implemented and monitored.
- There is a nominated governor with responsibility for liaising with Camden CSF on safeguarding and child protection matters and who links with the LADO in the event of an allegation against the head teacher.
- A senior member of staff is appointed as the designated safeguarding lead with responsibility for carrying out the statutory duties as set out in this policy, the individual is given sufficient time and resources to carry out their responsibilities and that another member of staff is appointed to deputise in their absence. (Lucy Hall , Jacqui Ver Loren , Robert Durbin)

SCS Safeguarding and Child protection policy

- The designated teacher nominated to promote the educational achievement of looked after children and previously looked after children is Lucy Hall and that this person has received appropriate training for the role.
- Staff receive a thorough induction on joining and are given copies of all relevant safeguarding and child protection policies and the staff code of conduct policy.
- Staff are confident that they can raise issues with leaders where there are concerns about safeguarding practice at the school/college and there are robust whistleblowing procedures in place.
- Steps are taken to ensure parents and pupils are aware of the school/college's safeguarding and child protection policies and procedures.
- Governors take steps to ensure children are given opportunities within the curriculum to learn how to keep themselves safe, including on-line.
- The school has appropriate written procedures in place to ensure safer recruitment practices and reasonable checks on visitors to the school, to deal with allegations against staff or volunteers and to report matters to the Disclosure and Barring Service as required, and that these policies are consistent with statutory guidance and reviewed on an annual basis.
- At least 1 member of the governing body has undertaken accredited safer recruitment training.
- All staff receive safeguarding and child protection training at every year and receive regular updates from the designated safeguarding lead to ensure they remain up to date with new legislation.
- There is a weekly safeguarding drop-in to support staff discuss any concerns that that have in relation to children and young people or their families. These sessions can also provide top up training or referral / signposting issues for non-urgent issues.
- The school/college has procedures in place to deal with allegations made against other pupils.

SCS Safeguarding and Child protection policy

- Children's wishes and feelings are taken into account when deciding on what action to take or services to provide to protect individual children and there is a robust system in place for gaining feedback from pupils. For some pupils at Swiss Cottage, this is not possible due to the complexity of their needs, for these children key member of their team will represent their voice.

2.3 Schools and head teachers/principals

The Principal will ensure that the school meets its statutory safeguarding duty by ensuring the following:

- Staff are inducted thoroughly and have read all the school/colleges' safeguarding and child protection policies, behaviour policies and the CSCB children missing from education policy so that they are fully aware of their role in safeguarding children and are able to fully implement policies.
- All staff are able to identify those children who need extra help and can make appropriate referrals to early help services.
- All staff are vigilant to harm and abuse, are able to identify those children for whom there are child protection concerns and can make appropriate referrals to CSSW and the CYPDs 0-25 service for children who live in Camden and the equivalent teams for children and young people who live out of borough.
- Staff are able to work in partnership with other agencies to safeguard children, including providing early help support, contributing to assessments and the implementation of the child's plan, attending network meetings and case conferences, monitoring children's progress and liaising with social workers. At Swiss Cottage we use an integrated model of care and shared responsibility to safeguard children and young people.
- Safer recruitment practice is followed when recruiting to posts and appropriate action is taken whenever an allegation is made against a member of staff.
- Swiss Cottage School, Development and Resource Centre offers a safe environment for staff and pupils to learn.

SCS Safeguarding and Child protection policy

- Safeguarding issues are brought to the attention of the governing body. The DSL or one of the Deputies will report to committees on key issues, themes in CP casework and referral data.

2.4 Role of the designated safeguarding lead

The role of the designated safeguarding lead and their deputy is to take lead responsibility for safeguarding and child protection within the school/college and to be available during school hours for staff to discuss safeguarding concerns.

Additional procedures

Individual schools should record any additional policies and procedures here.

Schools should also be aware of the additional guidance available from the DfE on dealing with issues around parental responsibility:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/489901/Parental_Responsibility_Advice_for_School_January_2016.pdf
[Policies 2018-19\Complaints Policy 0917.rtf](#)

2.6 Multi-agency working

Swiss Cottage School, Development and Resource Centre will work in partnership with relevant agencies in order to meet its obligations under section 11 of the Children Act 2004 and *Working together to safeguard children 2018*.

The school/college recognises its vital role in safeguarding school-age children and will co-operate with the Camden Safeguarding Children Board to ensure joint working with partner agencies in order to improve outcomes for children in Camden.

3 Safeguarding children

Swiss Cottage School, Development and Resource Centre will carry out its duty to safeguard pupils which is:

SCS Safeguarding and Child protection policy

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring children are growing up in circumstances consistent with the provision of safe and effective care
- undertaking that role so as to enable children to have optimum life chances so they can enter adulthood successfully.

Swiss Cottage School, Development and Resource Centre will refer Camden's thresholds and eligibility criteria (available at the link below) to help make decisions on the child's level of need and the appropriate service to refer on for services. Staff will consult with the designated safeguarding lead for advice and to discuss the case prior to making any referral for services.

[Safeguarding children - Camden Council](#)

All referrals for a children's social care service will be made by way of an e-CAF referral to Camden's Child and Family Contact team. The team is Camden's "front door" for children's social care referrals and accepts referrals for all cases.

Parental consent for referral will be sought but a referral will be made regardless of consent being given in cases where the child is at risk of significant harm.

Staff will also share information and work in an integrated way to ensure a co-ordinated response from agencies to support families and meet the child's needs.

3.1 Early help cases

Staff will identify children who need extra help at an early stage and provide help and support in order to prevent concerns from escalating. In particular, staff will be aware of the needs of the following groups of children whose circumstances may mean they will require early help:

SCS Safeguarding and Child protection policy

- children with disabilities and additional needs, including those with special educational needs
 - young carers
 - children showing early signs of being drawn into anti-social or criminal behaviour, including gangs and organised crime;
 - children who frequently go missing from home, school or care;
 - children who are misusing drugs or alcohol;
 - children at risk of exploitation through modern slavery and trafficking;
 - children whose home circumstances are negatively affected by adult substance misuse or mental ill health or domestic abuse;
 - children who have returned home from care;
 - children who show early signs of abuse or neglect;
 - children at risk of radicalisation;
 - privately fostered children.
- Where the child's extra needs require services, consideration will be given to what early help support can be offered a child by the school/college.
 - If the child requires an early help service from another agency, the school/college will make a referral to the Early Help service (via the Child and Family Contact team) for appropriate help and support. Staff will consult with parents prior to making any referral to discuss the matter and gain consent to refer the child.
 - Where the child is receiving an Early Help service, the school/college will work as part of the Team around the Child and take up the role of lead professional where this is appropriate.
 - Early help provision should be monitored and reviewed to ensure outcomes for the child are improving. If the school/college believes that this is not the case, consideration should be given making a referral for a statutory social work service.

3.2 Referral for a statutory social work service

We recognise that all of the children and young people at Swiss Cottage are more vulnerable to a wide range of risk factors due to their SEND. All staff have a shared responsibility to raise any concern that they may have, no matter how small. All staff are expected to act immediately by seeking the advice of the designated safeguarding lead or their deputy.

SCS Safeguarding and Child protection policy

Following consultation, the designated safeguarding lead should decide on whether to make a referral to CSSW or CYPDS via the Contact Service or duty line .

Where the referral raises concerns that the child is at risk of significant harm, the case will be passed on to Camden's MASH team or CYPDS to gather relevant information from other agencies.

The Contact Service will inform the school within 1 working day of the outcome of any referral and what action CSSW will be taking. This may include any of the following:

- Carrying out a child and family assessment to identify the child's needs and establish if the child is a **child in need** under section 17 of the Children Act 1989. These are children (including disabled children) who are unlikely to meet a reasonable standard of health and development unless provided with services.
- Convening a **strategy meeting under child protection** procedures as set out in section 4 for any child where there are concerns about significant harm and/or taking any immediate action in order to protect the child.
- Providing services for the child and their family in the meantime whilst work is on-going (including details of services).

4 Child protection procedures

4.1 Role of school/college

Swiss Cottage School, Development and Resource Centre will work to the following policy documents in order to support the protection of pupils who are at risk of significant harm.

- Working together to safeguard children (*DfE 2018*)
link
- What to do if you're worried a child is being abused (*DfE2015*)
[What to do if you're worried a child is being abused - Publications - GOV.UK](#)

In line with these policies and procedures, Swiss Cottage School, Development and Resource Centre will:

- identify those pupils where there are child protection concerns and make a referral to CSSW
- attend child protection case conferences in order to effectively share information about risk and harm
- contribute to the development and monitoring of child protection plans as a member of the core group
- carry out the school's role in implementing the child protection plan and continually monitoring the child's wellbeing, and liaising with the allocated social worker as required.

4.2 Recognition

- Staff have a responsibility to identify those children who are suffering from abuse or neglect and to ensure that any concerns about the welfare of a pupil are reported to the designated safeguarding lead.
- Staff should refer to appendix 1 for a full definition of significant harm and the specific indicators that may suggest a pupil may be at risk of suffering significant harm.
- Any concerns held by staff should be discussed in the first instance with the designated safeguarding lead or their deputy and advice sought on what action should be taken. The decisions made should be recorded on the pupils MYCONCERN file. Where required, advice on thresholds and indicators of harm can be obtained from the MASH social worker on a no-names basis.
- Concerns may be monitored over time and recorded on the monitoring/incident form shown at appendix 2. Details of any concerning incidents should also be recorded on this form.

4.3 Dealing with disclosures

SCS Safeguarding and Child protection policy

If a pupil discloses to a member of staff that they are being abused, the member of staff should;

- listen to what is said without displaying shock or disbelief and accept what the child is saying;
- allow the child to talk freely;
- reassure the child but not make promises that it may not be possible to keep, or promise confidentiality, as a referral may have to be made to CSSW;
- reassure the child that what has happened is not their fault and that they were right to tell someone;
- not ask direct questions but allow the child to tell their story;
- not criticise the alleged perpetrator;
- explain what will happen next and who has to be told;
- make a formal record and pass this on to the designated safeguarding lead.

4.4 Referral

- Where possible, a decision on whether or not to refer a pupil to CSSW should be made by the designated safeguarding lead or their deputy following a discussion with the member of staff who has raised concerns. However this should not delay any referral and any member of staff may make a referral if this is necessary but staff should discuss the matter with a member of the senior management team and take advice from the Child and Family Contact team social worker. The designated safeguarding lead should be informed as soon as possible.
- Referrals should be in writing using an e-CAF referral completed either by the teacher raising concerns or by the designated safeguarding lead. Urgent child protection referrals will be accepted by telephone but must be confirmed in writing via the e-CAF referral within 48 hours.
- Where there is any doubt about whether the concerns raised meet the thresholds for a child protection referral, the designated safeguarding lead may discuss the case on a “no names” basis with the Child and Family Contact team social worker to obtain advice on how to proceed.
- Parental consent must be sought prior to the referral being made unless to seek consent would place the child at risk of further harm, interfere with a criminal investigation or cause undue delay. If parents do not consent, but the child is at risk of significant harm, the referral should still be made.

SCS Safeguarding and Child protection policy

- If the child already has an allocated CSSW / CYPD's social worker, the referral should be made directly to them. If the child is not already known to CSSW, referrals should be made to the Child and Family Contact team or the CYPDs team to check if they are known to their service through MOSIAC . (Integrated service for Disabled Children) If the child lives outside Camden, a referral should be made to their home local authority.
- All referrals will be acknowledged by the Child and Family Contact team manager within 24 hours and the referrer informed of what action will be taken.
- If we remain concerned that the child's situation is improving within a reasonable timescale following referral, this should be taken up with CSSW/Early help services via the designated safeguarding lead.

4.5 Attendance at case conferences and core groups

- The designated safeguarding lead will liaise with CSSW/CYPDs to ensure that all relevant information held by the school/college is provided to CSSW during the course of any child protection investigation.
- The designated safeguarding lead will ensure that Swiss Cottage School is represented at child protection case conferences and core group meetings:
 - where possible, a member of staff who knows the child best, such as a class teacher or head of year will be nominated to attend, this may often be a member of the Family and Inclusion Team or a named adult .
 - if no-one from the school/college can attend, the designated safeguarding lead will ensure that a report is made available to the conference or meeting.

4.6 Monitoring

Where a pupil is the subject of a child protection plan and the school has been asked to monitor their attendance and welfare as part of this plan;

SCS Safeguarding and Child protection policy

- monitoring will be carried out by the relevant staff member in conjunction with the designated safeguarding lead;
- all information will be recorded on the child's my concern profile , any member of staff who is not able to access this system my us the protection monitoring/incident form shown at appendix 2 prior to each conference and core group meeting;
- the completed monitoring form will be kept on the pupil's separate child protection file and uploaded to their online profile and copies made available to all conferences and core group meetings;
- the designated safeguarding lead will notify the allocated social worker if the child is removed from the school roll, excluded for any period of time or goes missing.

4.7 Records

- Child protection records relating to pupils are highly confidential and will be kept in a designated welfare file separate to the pupil's education records. These records will be securely held within the office of the DSL (any specific hard copy files) All pupils have secure online safeguarding files through MYCONCERN .
- The designated safeguarding lead is responsible for ensuring that records are accurate, up to date and that recording is of a high standard.
- All information should be recorded on the child in young person's MYCONCERN file.
- Records should show:
 - what the concerns were;
 - what action was taken to refer on concerns or manage risk within the school;
 - whether any follow-up action was taken;
 - how and why decisions were made.

SCS Safeguarding and Child protection policy

- Any incidents, disclosures or signs of neglect or abuse should be fully recorded with dates, times and locations. Records should also include a note of what action was taken.
- The MYCONCERN online referral form must be completed;
 - whenever concerns arise or there is a serious incident **or**
 - where a child is being monitored, prior to a case conference or core group meeting.
- Where a child who is subject to a child protection plan transfers to another school, the designated safeguarding lead is responsible for ensuring that copies of all relevant records are passed to the designated safeguarding lead at the new school.
- Child protection records will only be kept until the pupil leaves the school/college and should be disposed of as confidential waste.

4.8 Confidentiality and information sharing

- All information obtained by school/college staff about a pupil will be kept confidential and will only be shared with other professionals and agencies with the family's consent.
- If the child is under 12, consent to share information about them must be obtained from their parents or carers. Young people aged 12 to 15 may give their own consent to information sharing if they have sufficient understanding of the issues. Young people aged 16 and 17 are able to give their own consent if they are thought to have the capacity to do so under the Mental Capacity Act; otherwise consent should be sought from parents.
- Where a child is at risk of suffering significant harm, schools and colleges have a legal duty to share this information with CSSW and make appropriate referrals. Equally, where a child is subject to a child protection investigation, schools and colleges must share any information about the child requested by CSSW.
- Parental consent to making a child protection referral should be sought but if withheld, the referral must still be made and parents made aware of this. Before taking this step, schools and colleges should consider the proportionality of disclosure against non-disclosure; is the duty of confidentiality overridden by the need to safeguard the child?

SCS Safeguarding and Child protection policy

- Parental consent to referral can be dispensed with if seeking consent is likely to cause further harm to the child, interfere with a criminal investigation or cause undue delay in taking action to protect the child. However, schools should discuss this with the Child and Family Contact team social worker on a “no names” basis to gain advice on whether this course of action should be taken.
- Only relevant information should be disclosed, and only to those professionals who need to know. Staff should consider the purpose of the disclosure, and remind recipients that the information is confidential and only to be used for the stated purpose.
- In the event that a child makes a disclosure of neglect or abuse, staff cannot guarantee them confidentiality, but must explain why they have to pass the information on, to whom and what will happen as a result. Parents should also be made aware of the school/college’s duty to share information.
- Staff should discuss any concerns or difficulties around confidentiality or information sharing with the designated safeguarding lead or seek advice from the Child and Family Contact team social worker.

6.4 DBS checks

In order to ensure that people who apply to work at Swiss Cottage School, Development and Resource Centre are suitable to do so and are not barred from working with children, the school/college will apply to the Disclosure and Barring Service (DBS) for police checks and other barred list information as part of the recruitment process.

Full DBS checks which include barred list checks will only be taken out on individuals who are involved in regulated activity. This is defined as close, unsupervised contact on a regular basis involving activities such as:

- teaching
- training
- supervising

SCS Safeguarding and Child protection policy

- care
- guidance and advice
- driving a vehicle
- personal or intimate care.

The activity must be carried out regularly as part of the staff member's day to day responsibilities and the checks will be reasonable in order to safeguard children.

Full DBS checks with barred list checks will also be carried out on permanent staff members working at the school/college or unpaid volunteers who regularly work unsupervised at the school/college and whose work means they have an opportunity for regular contact with children.

Other staff, contractors and supervised volunteers who have opportunities for regular contact with children but do not carry out a regulated activity will be subject to an enhanced DBS check but **not** barred list checks.

Decisions on whether a person is carrying out a regulated activity or whether their role provides opportunities for regular contact with children requiring a DBS check will be made by whoever is responsible for recruitment in the school, for example the head teacher or governor, and the following will be taken into consideration when deciding on this.

- the age of the children;
- their level of vulnerability;
- the numbers of children in the group;
- the nature of the role;
- opportunities for contact with the children.

Swiss Cottage School, Development and Resource Centre has robust procedures for day to day staff management and supervision and clear procedures for reporting and acting on concerns. Staff carrying out roles involving regulated activity will be suitably supervised on a regular basis by senior staff carrying out a similar role.

Swiss Cottage School, Development and Resource Centre will ensure that all DBS checks carried out on staff are renewed after 3 years of the original DBS disclosure.

SCS Safeguarding and Child protection policy

6.5 Volunteers

The principal will ensure that the following are carried out in relation to unpaid volunteers such as parents who accompany pupils on school outings or provide help in the classroom:

- All volunteers will be required to undergo a recruitment process, such as references, DBS and other checks and interviews that is appropriate and proportional to the duties assigned to them.
- Volunteers who are carrying out a regulated activity, for example being left unsupervised with children or providing personal care to children should be subject to an enhanced DBS check, including barred list information.
- New volunteers who are not carrying out regulated activity but who have an opportunity for regular contact with children will be subject to an enhanced DBS check but this may not include a barred list check.
- For other volunteers who are not carrying out regulated activity and do not have regular contact with children, the head teacher/principal will carry out a risk assessment to decide whether an enhanced DBS check should be carried out depending on:
 - the nature of the role
 - what information is already known about the volunteer
 - what references from work or volunteering activity the volunteer has provided regarding suitability
 - whether the role is eligible for an enhanced DBS check.
- Swiss Cottage School, Development and Resource Centre will ensure that all volunteers are competent to carry out the duties assigned to them and are only assigned duties that are suitable to their qualification and experience.
- Volunteers carrying out regulated activity but for whom a DBS check has not been carried out will be suitably supervised by teaching staff at all times at a level that ensures the safety of pupils.
- All volunteers will be fully inducted in relation to all school policies and procedures.

SCS Safeguarding and Child protection policy

6.6 Governors and independent school management

The school will take out an enhanced DBS check on governors but a barred list check will only be taken out if the individual governor will be carrying out a regulated activity within the school.

The school will also take out a check with the Teaching Regulation Agency Teacher Services system to establish whether any individual seeking to become the governor of a maintained school or take up a position in the management of an independent school has been disqualified and therefore unable to do so.

6.7 Alternative education provision

If there is a need to place a pupil with an alternative education provider, Swiss Cottage School, Development and Resource Centre will obtain written confirmation of the provider's safeguarding and child protection policies and ensure that appropriate safeguarding checks on individuals working at the establishment have been carried out.

7 Staff practice and conduct

7.1 Induction and training

- The principal will ensure that all staff are fully inducted, are made aware of the following policies of the school/college and that staff are fully aware of their role in implementing these:
 - Safeguarding and child protection policy and procedures
 - Behaviour policy
 - Staff code of conduct
 - Children missing from education policy.
- Staff will be asked to confirm in writing that they have received and read all relevant staff policies, including "*What to do if you are worried a child is being abused*" guidance.
- The designated safeguarding lead will ensure that all staff are fully inducted with regard to the school's child protection procedures and that they receive safeguarding and child protection training on a two-yearly basis.

SCS Safeguarding and Child protection policy

- The data manager will keep a central record of all statutory and other training undertaken by staff members, governors and volunteers.
- Swiss Cottage School, Development and Resource Centre staff and governors will receive multi-agency safeguarding training provided by Camden Safeguarding Children Board at the relevant level.
- As well as basic safeguarding training, the designated safeguarding lead and their deputy will receive specific training on their role in supporting children and young people with SEND and other relevant multi-agency training courses provided by Camden SCB.
- Targeted members of Swiss Cottage School, Development and Resource Centre staff will also receive training on the use of the Common Assessment Framework assessment and referral process as part of their safeguarding training. All staff will receive training for MYCONCERN to make initial referrals to the school safeguarding team.
- Swiss Cottage School, Development and Resource Centre staff will receive regular and timely updates on child protection and safeguarding issues via the designated safeguarding lead in order to ensure they remain up to date with new legislation.

7.2 Conduct and safe teaching practice

- Swiss Cottage School, Development and Resource Centre expects staff and volunteers to set a good example to pupils through their own conduct and behaviour and aims to protect them from the risk of allegations being made against them by ensuring they maintain high standards of professionalism and appropriate boundaries.
- The principal will ensure that there is a written code of conduct in place and that each member of staff, including volunteers, signs a code of conduct agreement on appointment that sets out the schools expectations with regards to standards of professional behaviour and that all staff receive copies of relevant policies.
- Staff and volunteers should be aware of current guidance on safe teaching practice contained in the DCSF *“Guidance for safer working practice for adults working with children & young people”* (2009).

<http://www.childrenengland.org.uk/upload/Guidance%20.pdf>

SCS Safeguarding and Child protection policy

- Staff will be expected to follow Camden's model social media policy for schools in terms of their use of social media, particularly in relation to professional standards and relationships with pupils. All staff and volunteers will sign an acceptable use agreement before being given access to the school/college computer system.

[Camden Essentials: HR model policies for schools](#)

7.3 Providing intimate or personal care to pupils

Staff at Swiss Cottage School, Development and Resource Centre may need to provide intimate or personal care to children or young people across the school, for some pupils this will be while developing skills for independence for others it is part of their ongoing care needs.

Children and young people should be encouraged to carry out self-care tasks for themselves where appropriate, but where adult intervention is needed, the following should be observed;

- *Staff should follow the school policy and agreed practice when providing intimate or personal care.*
- *When taking pupils to the toilet children should be supported with objects of reference , visual cues and verbal prompts.*
- *Children and young people should be reminded to close doors and not leave the toilet or changing room unless appropriately covered or dressed .*
- *Parents should always be notified if intimate care has been provided.*
- *Children and young people requiring on-going support should have an intimate care plan that is agreed and signed by parents. (See Intimate Care Policy)*
- *When providing intimate care, staff should carefully and sensitively observe the child's emotional response and report any concerns to the designated teacher.*
- *When children are changing, levels of supervision should be appropriate to the pupil's age.*
- *Staff should ensure that changing areas are private and that others are not able to enter whilst children are changing.*

[Policies 2018-19\Intimate Care Policy.docx](#)

7.4 Behaviour management, physical intervention and restraint

SCS Safeguarding and Child protection policy

Swiss Cottage School, Development and Resource Centre has a behaviour management policy that is in line with government guidance and any use of physical intervention and restraint will be linked to the implementation of the school behaviour policy.

The school/college will use physical intervention and restraint only in line with Camden CSF policy “*Physical intervention policy for schools and centres*”.

Guidance from the Department of Education provides schools with the powers to intervene in a variety of ways in order to manage behaviour within and outside the school. Details of these may be found at:

[Behaviour and discipline in schools - Publications - GOV.UK](#)

Camden’s policy on physical intervention and restraint

Physical intervention and restraint on pupils should only be used as a last resort, normally when de-escalation strategies have failed, and when there is a clear risk of serious harm to the pupil or others or serious damage to property.

Decisions on when to use physical intervention is a matter of professional judgement, and any intervention or restraint should be proportionate, reasonable and necessary to the perceived risk and should continue only for as long as the risk remains. Should such an intervention be required the school should record the details, including any injury, and contact the parent/carer on the same day to explain the circumstances involved.

[Policies 2018-19\Physical intervention and restraint policy.docx](#)

7.5 Music tuition

It is recognised that music tutors are vulnerable to allegations being made against them because they often work with children alone and the activity can involve some physical contact with a child.

Music tutors need to be aware of the possibility of their conduct and behaviour, including physical contact, being misinterpreted by a child or taken out of context by other adults and:

- *ensure they behave in an appropriate manner and maintain professional boundaries at all times*
- *only use physical contact as necessary within the context of the activity, for example as a means of demonstrating technique, and only for as long as needed*
- *make sure any physical contact cannot be misinterpreted by a child by explaining in advance what contact will be involved and why*
- *ask the child’s permission first and respect their wishes*

SCS Safeguarding and Child protection policy

- *report any incidents or issues that arise to the appropriate member of staff and make sure a record is taken*
- *never travel alone with children in a car*

Swiss Cottage School, Development and Resource Centre should:

- *carry out a risk assessment around providing music tuition. This should include:*
- *providing rooms/spaces that are adequately safe and open locations where the teacher can be easily observed by others, for example a door with glass in it*
- *passing on any relevant information about children that may have a bearing on how they could react to physical contact so the tutor can adapt their practice accordingly*
- *let parents know when they arrange tuition what level of physical contact may take place as part of the activity*
- *record any reported incidents or issues and deal with these within the framework of the school's own policies*
- *make sure music tutors are aware of the school's safeguarding and staff conduct policies prior to starting.*

7.5 Allegations against staff

In the event that an allegation is made against a member of staff or volunteer, Swiss Cottage School, Development and Resource Centre will follow Camden's "Guidance for the management of an allegation against a member of staff".

[Policies / Guidance | Camden Safeguarding Children Board](#)

[Policies 2018-19\Guidance for schools on dealing with allegations against staff.doc](#)

The board of governors should appoint the head teacher as the school representative for the purposes of the allegations procedures and who will link with the Local Authority Designated Officer for all allegations raised. A further staff member will be identified as their deputy to act in their absence or if allegations are made against the responsible staff member.

All allegations in relation to staff members will be referred to the head teacher; allegations against the head teacher will be referred to the board of governors.

7.6 Whistleblowing

Swiss Cottage School, Development and Resource Centre fosters a culture of openness in line with the "Freedom to speak up" review and will put in place strategies and procedures to ensure that staff feel enabled to raise concerns relating

SCS Safeguarding and Child protection policy

to the safeguarding of children or poor practice within the school that may cause a risk to children.

Swiss Cottage School, Development and Resource Centre recognises that there may be circumstances where staff and pupils feel unable to raise concerns or incidents of malpractice within the school/college environment as there is reasonable doubt that these would be dealt with adequately.

All staff and volunteers have a legal duty to raise concerns where they feel individuals or schools/colleges are failing to safeguard and promote the welfare of children. Where it is not possible to raise concerns within the school/college, staff and volunteers may report concerns to the following;

- Camden's lead officers for child protection or safeguarding where there are issues regarding the welfare of a pupil;
- The following numbers can be used where there are issues regarding the school/college's overall procedures around safeguarding
 - Camden Council's confidential and independent help-line for protected disclosure on **0800 734199**
 - the Ofsted whistle-blowing line on **0300 123 3155**
 - the NSPCC whistleblowing helpline on **0800 028 0285**.
- The head teacher is responsible for ensuring that these numbers are advertised on the school premises and made available to staff and pupils.

- *Behaviour policy*
- *providing intimate or personal care*
- *photography and videos*

8 Health and safety and risk assessments

8.1 Responsibility for health and safety

The governing body and head teacher/principle will ensure that there is a robust health and safety policy in place in order to meet the statutory responsibility for the safety of pupils and staff within the school environment.

Any health and safety policy adapted by the school/college will be based on the government guidance (link below) and will seek to balance risk avoidance against providing pupils with opportunities to take part in activities that help them learn to manage risk themselves.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/279429/DfE_Health_and_Safety_Advice_06_02_14.pdf

Day-to-day responsibility for health and safety issues in Swiss Cottage School, Development and Resource Centre will be delegated to a member of staff who is competent to carry out these duties and who has received the appropriate training. This is:

Name: Rebecca Shaw
Designation: Vice Principal
Contact details: Rebecca.shaw@swisscottage.camden.sch.uk

8.2 Risk assessments

Swiss Cottage School, Development and Resource Centre will seek to identify and manage risk through the use of risk assessments. These will be carried out:

- on an annual basis for the school environment as a whole;
- for all school trips;
- for pupils travelling between locations during the school day;
- for all work-based learning or work experience placements;
- when a pupil who has been excluded for risky or violent behaviour is returning to the school;
- whenever there are any changes to the school environment or school practices;
- following any serious incident.

SCS Safeguarding and Child protection policy

8.3 Working with aggressive and violent parents

From time to time there may be concerns about the behaviour of parents or family members towards staff, these concerns need to be shared with other agencies in order to manage risk safely. Where schools are working with families who are known to CSSW and there are concerns about the behaviour of parents towards members of school staff, this must be discussed with the principal and the designated safeguarding lead and the information shared with CSSW.

If there are high levels of risk involved in contact with parents, CSSW may convene a risk assessment meeting with the network in order to discuss strategies to reduce risk, and it is vital that schools and colleges are part of this process.

8.4 Site security and visitors

- The board of governors is responsible for the security of the school premises and will take steps to ensure it is a safe environment and securely protected against trespass and/or criminal damage.
- The principal will decide whether or not contractors should be subject to DBS checks before being allowed access to the building, depending on the level of access they are likely to have to pupils.
- Where the visitor is employed by an organisation where DBS checks are normally required, for example NHS staff, the principal will request written confirmation that relevant checks have been carried out for that individual.
- All visitors and contractors will be:
 - informed to report to reception on arrival;
 - expected to provide proof of identity
 - expected to wear a name-badge or carry some form of identification at all times when on the school/college premises;
 - suitably supervised by school/college staff at all times;
 - made aware of school/college health and safety procedures.
- The principal and the board of governors will ensure that any contract entered into with contractors' sets out clearly the expectations for worker's behaviour and the responsibility of contractors to monitor and ensure compliance with school/college policies.

SCS Safeguarding and Child protection policy

- Contracted workers will not be allowed to approach or speak to pupils in any circumstances and must ensure that all equipment and working practices are in line with health and safety standards.
- Visiting organisations such as theatre groups who will be performing for or working directly with pupils will be expected to have adequate child protection procedures in place and must agree with a member of the senior leadership team in advance what level of supervision or contact they will have regarding pupils.

8.5 Use of the school premises by other organisations

Swiss Cottage School, Development and Resource Centre will only allow use of the school premises by other organisations schools outside of school hours for the purposes of providing supplemental schooling if:

- the schools articles of trust or other incorporating document allows this;
- the organisation provides an overview of what it intends to teach so that the board of governors is able to make a judgement on whether this is in line with the promotion of British values;
- the organisation can provide evidence that they have followed safer recruitment practices and that their staff have the requisite DBS checks;
- the following reasonable and due diligence checks are taken out on the organisation by the school;
 - an internet search on the organisation
 - checks with Camden's Community Groups and Schools Consultant (020 7974 7319)
 - checks with Camden's Channel officer (020 7974 6050)
 - checks with Camden Community Safety and the local police (020 7974 2915)
- details of the agreement are recorded on the partnership agreement record available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

SCS Safeguarding and Child protection policy

8.6 Monitoring and review

To enable the school to monitor the safety of the premises and the school environment, as well as the implementation of policies, the head principal and the board of governors will ensure that;

- all school policies are regularly monitored by the designated safeguarding lead and annually reviewed by the head teacher and governing body;
- the school keeps a central record of all accidents and incidents including what action was taken and by whom;
- staff are aware of their responsibility to record accidents and incidents;
- the head teacher/principal has an overview all accidents/incidents;
- serious accidents and incidents are reported to the board of governors;
- the designated safeguarding lead ensures a high standard of recording of all concerns held about children;
- all accidents and incidents are scrutinised on a regular basis by the board of governors to identify any problems or weaknesses around school/college safeguarding policies and procedures or any emerging patterns, and agreeing to any course of action.

Additional procedures

The Senior DSL meets with the Safeguarding Governor every half term to update on training , themes or issues in school and to report on key safeguarding concerns or incidents

A DSL is an advisor to the Pupil Wellbeing Subcommittee of the GB.

SCS Safeguarding and Child protection policy

Part B: Additional safeguarding policies and procedures

B.1 Non-collection of children from school

This section applies to primary schools only

The school will put in place a policy regarding handing over children to adults who are not their parent or known carer at the end of the school day. Parents will be asked to provide the details of the person who will normally collect the child and will be informed of the need to notify the school in advance if this changes, giving details of the person authorised to collect the child. The school will also ensure that the details of at least two people who can be contacted in an emergency in the event that the child is uncollected.

Parents will also be asked to inform schools where children are subject to court orders that limit contact with a named individual.

In the event that anyone who is not authorised to do so attempts to collect the child, the school will not allow the child to leave but contact the parent immediately.

If a child is uncollected at the end of the school day, the school will follow the procedure agreed with CSSW:

- The school will check with the child to see if there are any changes to arrangements for collection and try to make contact with the parent or other family members, and wait with the child until someone comes to collect them.
- Children will not be released into the care of another parent even where they offer to take the child home.
- The school will contact the Children and Families Contact Service to put CSSW on notice at 4.00 pm if there are difficulties in contacting parents or other family members.
- If no contact can be made with the parent by 4.30pm, the school will contact the Children and Families Contact Service who will arrange for a social worker

SCS Safeguarding and Child protection policy

to collect the child or make arrangements for the child to be transported to the CSSW office.

- The school will regularly ask parents to confirm and update contact details and to nominate a family member or friend who can collect the child in the event that they are unable to do so.
- Where children are regularly uncollected or collected late, this should be discussed with the designated safeguarding lead and reported to the Education Welfare Service. If there are also child protection concerns, a referral should be made to CSSW.

B2 Children who are missing from education or home educated

Schools need to be aware of those children who are persistently absent or missing from school as this may be an indicator of welfare concerns.

Attendance policies should state clearly who needs to be notified and what action should be taken and any relevant timescales. Parents should be asked to provide contact details for at least 2 or more people who can be contacted in the event that a child does not attend school. Schools should refer to Camden's "Children missing from education" policy and the CSCB missing children protocol for further details available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

Where a parent notifies the school that they are removing the child so they can be educated at home, the following notifications should be made:

- *The Education Welfare Service must be notified of all decisions.*
- *If the child is already known to CSSW, their allocated social worker should be notified immediately.*
- *If the child is not known to CSSW, but the school has concerns about their welfare, the designated safeguarding lead should make a referral to CSSW.*

B3 Peer on peer abuse

Where a pupil's behaviour is likely to cause significant harm to other pupils, for example through bullying, cyberbullying, physical violence or initiation rites, the school/college will refer the perpetrator and the victim to the Child and Family Contact team under the *Peer on peer abuse* protocol available at: [link to be put in when policy finalised](#)

SCS Safeguarding and Child protection policy

Where the harm is attributable to sexually abusive behaviour or sexual harassment, the school will follow the CSCB Harmful sexual behaviour; further details can be found in section B4 below.

B4 Harmful sexual behaviour, sexual violence and harassment

Policy

- Swiss Cottage School, Development and Resource Centre recognises that sexual violence and sexual harassment between pupils is a serious safeguarding issue and such behaviour will not be tolerated. Swiss Cottage School, Development and Research Centre behaviour management and anti-bullying policies will reflect the our holistic approach to behaviour and safety and staff and pupils will be made aware of the standard of expected behaviour, and the likely responses to any incidents of sexual violence and harassment. This is particularly important to ensure the safety of our pupils in the community .
- Swiss Cottage School, Development and Resource Centre will follow the statutory guidance *Sexual violence and sexual harassment between pupils* and will work with relevant agencies to safeguard and support victims, take appropriate action against alleged perpetrators and ensure a safe learning environment for all pupils.

- Swiss Cottage School, Development and Resource Centre will take all necessary steps to put in place a planned PHSE curriculum to convey the school policy for preventing harmful sexual behaviour and to promote respectful behaviour between pupils with regards to sexual conduct. This includes pupils learning to manage and regulate sexual feelings and behaviour, including those with significant learning difficulties who do not fully understand the risks to themselves or others.
- Swiss Cottage School will promote an environment where children and young people feel empowered to raise concerns and report incidents. Any reports of sexual violence or harassment will be taken seriously and thoroughly

SCS Safeguarding and Child protection policy

investigated by the school and appropriate referrals made to the police and CSSW. This is a very important part of how we safeguard and manage risk in the community.

- Swiss Cottage School, Development and Resource Centre will ensure that staff and governors receive relevant training to help them ensure an effective response to incidents that protects individual victims and safeguards the welfare of all pupils and staff.
- Swiss Cottage School, Development and Resource Centre will ensure staff are able to provide appropriate support to victims and alleged perpetrators that meets their needs and continues to promote their education.

Procedures

- Swiss Cottage School, Development and Resource Centre will ensure there is a robust response to all incidents and will follow the procedures set out in Part 5 of the *Keeping children safe in education* statutory guidance.
- Reported incidents will be investigated by the member of staff to whom the young person discloses in partnership with the designated safeguarding lead, who will also carry out a risk assessment to look at any continued risk to the victim or other pupils and staff from the alleged perpetrator within the school/college environment.
- Where the allegation involves material posted online, the school/college will request that the electronic device is handed over as part of the investigation and will use legal powers to search and confiscate property as set out in the statutory guidance *Searching, screening and confiscation advice for schools*.
- https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf
- The member of staff and designated safeguarding lead will write up a record of the investigation that will set out how the school/college will respond to the incident.

SCS Safeguarding and Child protection policy

- Decisions on responses will be based on the harmful sexual behaviour risk assessment and thresholds set out in the *CSCB Harmful sexual behaviour protocol*. The designated safeguarding lead may take advice from MASH social workers before making a decision. Possible outcomes include referral to Early Help Services, CSSW or the police, or managing the matter internally under school/college behaviour policies.
- Where a referral will be made to CSSW or the police under the protocol, the designated safeguarding lead will discuss the issue with the relevant agency and following this discussion a decision will be made on whether and how to inform the alleged perpetrator and their parents.
- Swiss Cottage School, Development and Resource Centre will take any necessary action to continue to safeguard the victim and other pupils within the school/college environment based on the level of risk established from the risk assessment, including decisions about the victim and alleged perpetrator sharing classrooms. These decisions will be reviewed in the light of on-going police and CSSW investigations to take account of any changes in the status of investigations and any bail conditions placed on the alleged perpetrator.
- Where necessary and appropriate, the school/college will consider the support needs of the alleged perpetrator and will make referrals to relevant agencies for support on their behalf under the *Harmful sexual behaviour* protocol.

Additional procedures

Sexual violence is defined as any act which is an offence under the Sexual Offences Act 2003, including rape, assault by penetration or sexual assault without the consent of the victim.

Sexual harassment is defined as unwanted sexual conduct likely to violate the victim's dignity and/or make them feel intimidated, degraded or humiliated or create a hostile, offensive or sexualised environment. This includes making sexual comments or jokes, physical contact such as touching or interfering with clothing or displaying sexual images. It also includes online harassment.

When dealing with incidents, we will ensure that the written report of the incident contains objective facts and sets out clearly the next steps to be taken, with the views of the victim clearly recorded.

SCS Safeguarding and Child protection policy

Schools should be aware of their equality duty as victims of sexual violence and harassment are more likely to be female but should follow the same procedures and ensure the same level of response for incidents involving male pupils or incidents where victim and perpetrator are the same sex.

Cases may be managed internally by the school/college under without referral to other agencies where the incident involves low-level concerns and is a “one-off” occurrence where there is no further risk to the victim or other pupils

Schools should give careful thought to the day to day management of risk and support for the victim, taking into account the victim’s views when considering practical issues such as separating the victim and perpetrator. However schools/colleges must be able to justify any measures taken and that they do not interfere with the educational opportunities of either party.

Schools may wish to consider developing specific policies around responding to incidents of sexual violence and harassment towards staff members.

Schools need to ensure that staff and governors are able to take up training and support offered by Camden Learning around relationships and peer on peer abuse and how these messages should be delivered within the PSHE curriculum. Sexual violence and harassment will also be addressed in general, whole-school safeguarding training delivered by the CSCB, with designated safeguarding leads receiving more intense training in view of their role.

B5 Prevention of radicalisation

The school/college’s safeguarding duty includes the duty to promote British values in order to counter the extremist narrative and prevent young people from being radicalised and drawn into terrorism.

Under Counter-Terrorism and Security Act 2015, the school/college also has a duty to refer young people on to Camden’s Channel Panel under the Prevent strategy where there are concerns that they are being radicalised.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/380595/SMSC_Guidance_Maintained_Schools.pdf

If we have concerns that a young person might be considering extremist ideologies and/or may be radicalised and would benefit from specialist support to challenge extremist ideologies, or that a younger pupil may be at risk due to their parent’s radicalisation, we will follow the guidance set out in the CSCB guidance “Safeguarding children and young people from radicalisation and extremism”

SCS Safeguarding and Child protection policy

available at: <http://www.cscb-new.co.uk/wp-content/uploads/2016/03/CSCB-guidance-on-radicalisation-and-extremism.pdf>

Swiss Cottage School, Development and Resource Centre will *always be a safe space for young people to explore new ideas and perspectives, and develop their critical thinking skills. Where there are concerns about radicalisation and a referral to Channel Panel is being considered the school/college should discuss these concerns internally and also consider external advice and guidance where necessary and appropriate.*

The designated safeguarding lead should be consulted for internal advice on making a referral. Prior to making a referral the school may also speak to and get advice from their police schools officer (if they have one), the Police Prevent Engagement Officer (Mark Fowler, Mark.P.Fowler@met.pnn.police.uk or call 0208 733 6014) and Camden's Prevent co-ordinator (Karina Kaur, karina.kaur@camden.gov.uk or call 020 7974 6050) or the Prevent Education Officer (Jane Murphy, jane.murphy@camden.gov.uk or call 020 7974 1008).

B6 Mandatory reporting of Female Genital Mutilation (FGM)

Swiss Cottage School, Development and Resource Centre will follow the statutory guidance on FGM in order to safeguard girls who are at risk of FGM:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/512906/Multi_Agency_Statutory_Guidance_on_FGM_-_FINAL.pdf

Where a pupil makes a disclosure of FGM, the school/college will follow the mandatory reporting rules and make appropriate referrals to the police as set out in the CSCB guidance available at: <http://www.cscb-new.co.uk/wp-content/uploads/2015/10/FGM-mandatory-reporting-guide.pdf>

All concerns around FGM, including any disclosure made by a pupil, will be discussed with the designated safeguarding lead before any action is taken.

B7 Online safety

As part of its duty to provide a safe learning environment and ensure pupils know how to remain safe online, the school/college will implement the recommendations of Camden's model schools online policy available at:

B9 Children with special education needs or disabilities (SEND)

As a special school we are aware all of our children and young people are be more vulnerable to harm and abuse and may be more likely to experience bullying. They may also have difficulty in reporting harm and abuse due to communications difficulties and professionals may miss vital indicators.

School policies reflect these issues and recognise that staff need to be able to help this group to overcome barriers to seeking help. The school/college will follow the CSCB guidance *Safeguarding children with disabilities* available at: link to be put in

B11 Contextual safeguarding for young people

Swiss Cottage School, Development and Resource Centre is aware that as young people grow more independent, they may face more risk from safeguarding threats from outside of the home, either from within the community, at school/college or from their own peer group. This is a higher level risk for the community of our school .

Swiss Cottage School, Development and Resource Centre will adhere to the following policies whenever there are concerns that young people are at risk from any of these issues:

We are aware that many of these forms of exploitation are linked and that going missing from home or from education can be an indicator that young people are involved in child sexual exploitation, gang activity, modern slavery and trafficking. We provide targeted support to our young people to ensure that they are able to identify and access support and help from safe adults in the community . We know that young people with SEND are particularly vulnerable to grooming an for CSE , radicalization and criminal exploitation. We actively promote links with grass-root organizations and projects in order to engage our young people in services and support while they are still at school , so that they are engaged and known to services once they leave school.

Volunteers

- Unsupervised volunteers should not be left alone or allowed to work in regulated activity.
- For new volunteers in regulated activity who regularly teach children unsupervised an enhanced DBS is needed with a barred list check.
- For new volunteers not in regulated activity, schools should obtain an enhanced DBS certificate.
- Existing volunteers who provide personal care, the school should consider obtaining an enhanced DBS.
- Existing volunteers who are unsupervised do not need to have a DBS check with a barred list check because the volunteer should have been checked originally.
- For existing volunteers not in regulated activity there is no requirement for an enhanced DBS check (a school can request one but may not request a check of the barred list).
- For a volunteer not engaging in regulated activity a risk assessment should be made and a professional judgement made about the need for an enhanced DBS check.
- Supervision of volunteers – there must be supervision by a person in regulated activity, where supervision occurs, this must be regular and day to day and the supervision must be reasonable in all the circumstances to ensure the protection of children.

Regulated activity

Regulated activity (see p20 for definition) – the period condition is at any time on more than three days in any period of 30 days. ‘Frequently’ is doing something once a week or more. Work of the nature defined is considered regulated activity if done regularly; where this is the case an enhanced DBS check is needed with a barred list check.
