

Weekly Newsletter 9th June 2017

LONDON is open

This week's newsletter is dedicated to the unity of our school community. We were deeply shocked by the incidents last Saturday in Central London. During this time of uncertainty, it is vital that we remain strong and are supportive of each other. As a school, we are deeply saddened to hear that some of our families from the Muslim community have experienced verbal abuse in their locality. There is strength in unity. We stand together with each of you as a caring and inclusive community. We embrace the incredible contributions that people all around the world make to our school. We are here to support you and your family.

Your child's safety and wellbeing is our main priority. Please read the letter in your child's home-school book which outlines planned learning activities in the locality.

We will always value and celebrate the power of our diverse school community. Please contact us to speak to any member of staff, anytime.
